

22nd Path Justice/Adjustment

Here we meet Justice, karmic adjustment. You now see opportunities to balance what needs to be balanced. This free you to pursue things that are likely to be more beneficial for you, in the main by accepting that mistakes have been made whilst you have been learning and growing, it's time to forgive yourself for them.

Libra is the astrological influence, clear to see by the scales of justice. The also remind us that we will be judged by others as well as how we judge and respond to them. Its symbols are the scales, as mentioned, a single feather and the elephant, a reference to Ganesh the god of justice and abundance. It's also the goddess Maat, she who weighs your heart against a feather and asks: 'Is there one who is glad you lived?' Her feather balances the scales for you.

Here you are reminded to be gentle in how you judge others and yourself.

Karmic action is stimulated and you're likely to see the opportunities for clearing the debris of karma come to the fore, sometimes creating crossroads in your life, choices to be made. If it feels more like limbo, remember there's no right or wrong choice, just learning and growing whichever way you go.

Guidance

You are growing spiritually, becoming more aware of your actions and how they affect not only your own journey but that of those around you. Perhaps you see the cause and effect of karma more readily around you, seeing it returned or earned? It's time to be more aware of the consequences of every action, great or small, to adjust accordingly. Do you feel drawn to make amends with estranged friends or family, or perhaps you now understand where something is best let go? Remove what you see from a situation, take away what you've heard and you're left with how it feels; trust in that. There could be legal challenges ahead, something falls in your favour, but you must be absolutely honest with your responses even with the most difficult of questions. Make small adjustments, do not underestimate the power even the smallest change can make.

Foresight

What if everything really is recorded? What if there is a reckoning at the end of this life? How do you think you're going to fare? This is not a place of fear, it's place of awareness and here's a reminder to be mindful of your words, deeds and actions.

Activation

A good karmic astrologer can assist with finding clarity through what you already know to be repeat or difficult situations. A past life regression may help? Become aware, but do not become obsessed. Adjust.
