

28th Path The Star

In this world, much is made of manifestation. It's a modern cult. Here is the ancient equivalent, and whilst it could be argued that the whole process of Q is about manifesting, this is the path that puts manifesting your dreams front and centre. Hopes, wishes, dreams, goals, whatever you want to call them, are brought into the vortex of the tree ready to come to earth through Netzach and Yesod.

Dangers and hardships are highlighted too, this is no fluff piece, what will you give up to gain, what doubts do you have, what is your unique gift that will set you above others when it comes to gaining ground? As the card/path for Aquarius you will hear the words unique, different, surprise a lot but they all seek something new, new inventions and social contacts offering them.

Be mindful of over zealousness when it comes to a cause, especially something that's working for you but may not be for everyone. Saying your piece and knowing when to step back and allow others to find their way is important, don't impose your will on others. Petty desires will be shown for what they are, yours and others, face them and dismiss them once and for all.

Yesod to Netzach 'The Natural Intelligence', so called because all that exists through the sphere of the Sun exists because of it.

Sometimes The Emperor is placed here, you can explore that too should you choose.

Goddesses are Isis, Freya, Nuit, Hesta, Chiconahui – Hearth goddess energy.

Guidance

When you wish upon a star do your dreams come true or are you constantly disappointed? You may have set yourself a new goal and nothing seems to be going your way, but is that really the truth? This is a card of being caught up in in a fantasy, a card that can show you many distractions and perhaps events are altering your course completely and when it happens you feel anything but fantastic. What if it's all part of the process? What if you're being guided rather than knocked off course? Persevere, take note of what's not working for you and adjust, bring new things to the game and bring reality back. You may be more aware of the magic in your life than ever before, even with tough choices to be made the synchronicity of events makes you smile. Make your wish and let go of how it comes about, that is in the hands of divine helpers.

Foresight

Meditation is a powerful tool, find time for a regular practice and you will be able to check in on your progress, adjust and keep the universe informed of your wishes. Remember this is a work in progress, it's also a collaboration between you and divine will.

Revealed

Running between Yesod to Netzach, the pathway is guided by the Tarot card The Star, reminding you there is always hope. Linking your subconscious mind with the power of nature you're able to fully interact with the magic that manifests your wishes here on earth.

Activation

Sit in nature, dream under the stars, under the trees, under the Moon and let the metaphysical worlds hear you. Begin to work towards your goal and watch as the worlds of the Fae make your fantasies real.
