

# Month 9 Consolidation

Rotation, Cycles, Chaos

# Uranian Energy

- Here you find out where chaos will affect your life, where things can change very quickly and where you can find unique solutions to the challenges that brings you. Embrace him, his cycle is eighty years, you won't see him return to your own sign until you're very old. Usually a time when you're wearing purple and ruler of all things cantankerous yourself! Can't wait.
- Xariel's energy is all about the sheer force, the reason things can go a little off script is the lack of form at this point. Sometimes it's that very fact that brings you to a place you would never have found if you'd taken a more conventional route. His intentions are always pure and any resulting chaos will be about breaking old cycles, old soul rotations, offering an opportunity to create new and more positive ones in your life.
- His energy brings out the spontaneous in you, be aware of it, hear yourself offering up alternative solutions, alternative routes and in that moment, you decide if you'd like to follow them or keep repeating the same old? All about choice.

# The Fool

- What a card! Always such a joy to see in a spread, well most always, it asks you to step off the cliff edge knowing that you will be protected and in taking a risk some may call you foolish, but you have faith, you know it's all going to be okay. You also know you have all the tools you need, everything you could wish for is with you, or within you.
- See this is a card that represents that leap of faith, something you may very well be called upon to take to reach your goal.

# The Emperor is the Gateway Card

- You will be required to walk through this card on the path from Odetta's Temple to the realms of Xariel. Some traditions use the Star card here, but I feel it's link with the divine feminine in the form of the Empress card, which is another route taking you from Kikanta's Temple to Xariel's sits better.

- So, turn up the heat, walk this path from the Sun temple to the the outer temple of Xariel, of the Divine Father, take charge as The Emperor and meet Xariel fully prepared and willing to gain his guidance.

# The Four Kings

- The divine male representation of each element.
- Seen as a person or an aspect or yourself.
- If they come up, what action are you being asked to take. Where?
- Air – thoughts
- Fire – creative
- Water – emotions
- Earth – money/health

# Temple Set up

---

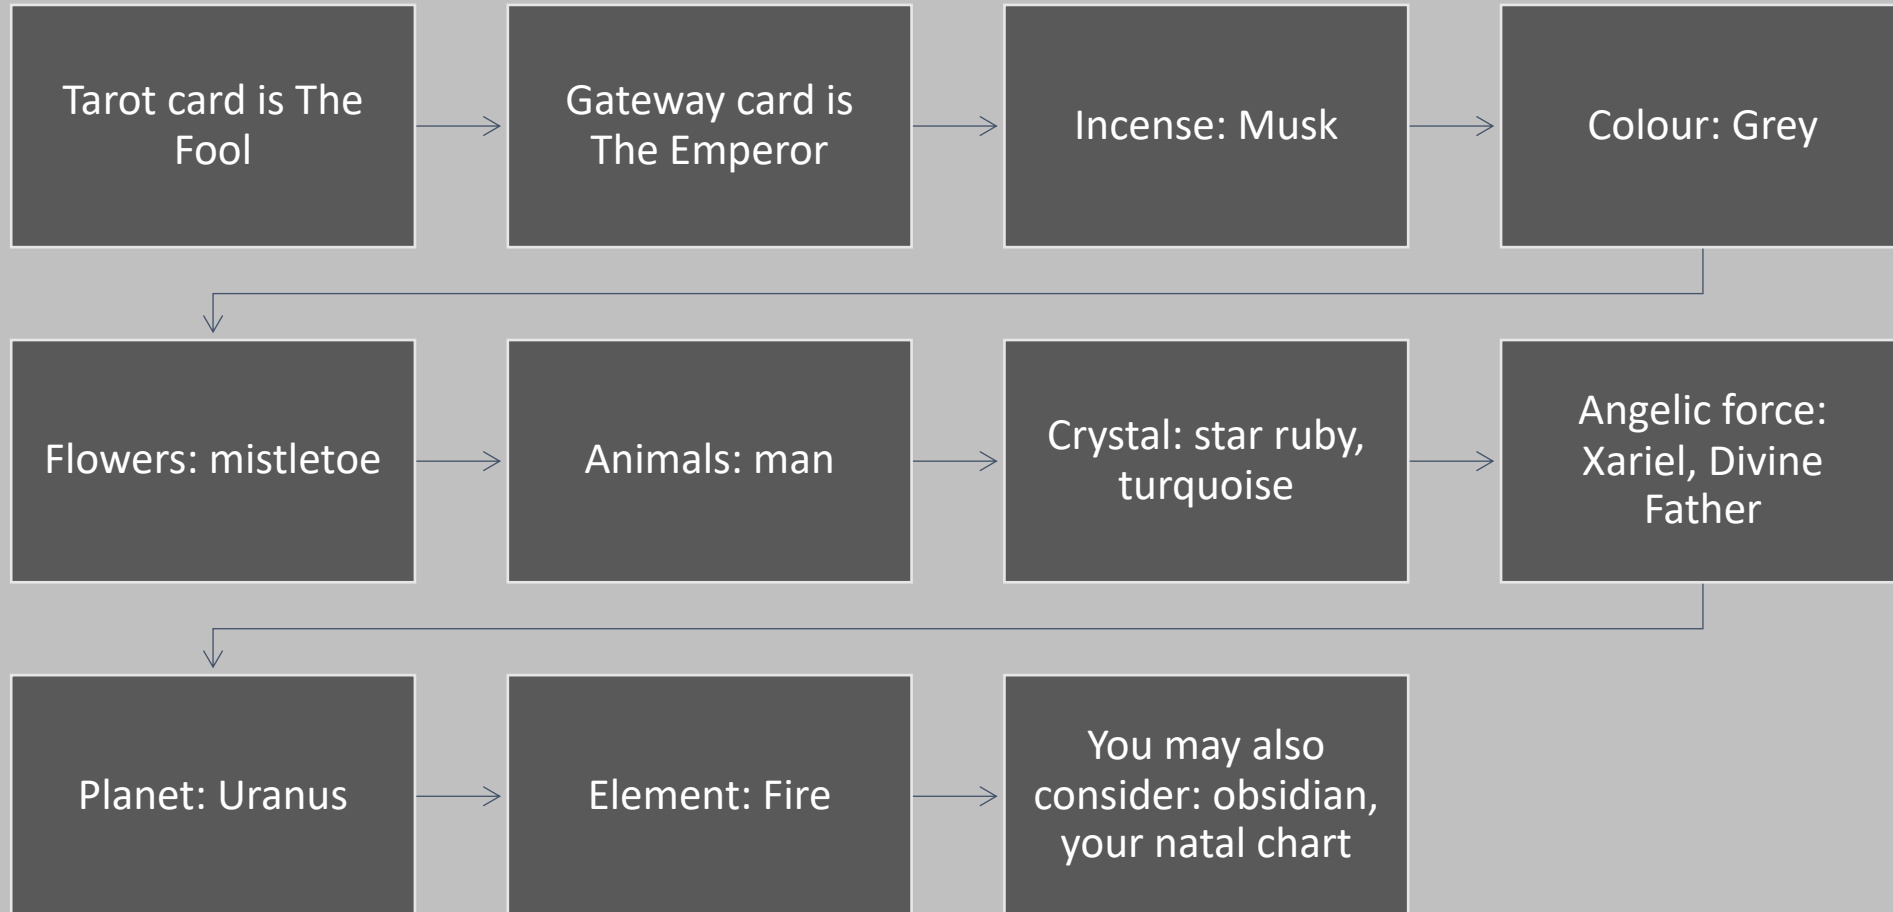

- The temple of energy, of universal power in its rawest form. Here you will will meet a two-sided temple, just how is that possible? You will be asked to travel from A to B to stand in space using a route as old as the universe itself.
- Before you enter this temple remind yourself of your Natal Chart, remember your Sun sign, your Rising sign, any busy houses, anywhere you struggled with the astrology.
- This temple happens to you, not for you, it's the divine spark that simply needs you to watch, to witness and to feel move through you.

# Xariel

- Here we meet the divine father, traditionally seen as a wise old man, seen in profile facing left towards the divine female.
- But Xariel is far from traditional, he's new, he's wants to be seen as innovative, still working with divine parameters he is an Archangel, one of the highest order of seraphim. Like all the beings you've met to-date he wishes to change the vibration to a higher frequency, to speed up the ascension of earth.
- He will do that through the work that you do, the people you meet, the new energy you bring to earth.

# Consolidation

- **“One must still have chaos in oneself to be able to give birth to dancing star” Friedrich Nietzsche**

- I have a dream: is it the same as last month, or have you made some changes?

- Astrology: Where is Uranus in your chart, what house, what sign? That information is in your natal chart print out. What does it tell you about your willingness to embrace chaos, to seek change to your cycles? What words would you use to describe your responses to your astrology?

- Tarot Cards: what cards came up more than once in your daily reading. The four twos and the four knights/kings represent this energy, have they been dominant and if so, what suit?

- The Celtic Cross, or a three-card reading: what information does it have for you?

- 

- Xariel: what guidance did he offer you?

- Other temple images and symbolism: Cards, animals, beings, who you saw and what they had to offer you in the way of information.

- How has it manifested in your life?

- Moving forward I commit to: using your newfound information what changes can you make to harness its power.
